USE OF THIS AND OTHER TAX LISTS

Tax lists show the name of the taxpayer and the exact description of where the land was located. They show the acreage and value of the land and what was built on it. It is sometimes possible to estimate whether there was a building located on it. A column "merchant's capital" shows a manufacturing or business establishment owned by the person. Also listed is the tax paid by each.

Separate lists, often in other volumes, show chattel owned by a person. Included is horses, cows, and sometimes carriages. These are useful in determining if a person lived in the township or not, as well as owning land there.

Some sections in Wayne County were in 1826 included in "scho lands". These were rented and the rent paid to a supervisor. Thus if a person lived on these lands he paid no taxes and would not appe on the land tax list. But he may appear on the chattel tax list. Also to be kept in mind is the fact that a land grant was tax-free for the first five years.

The source for this publication was (1) Old tax books locate in storerooms in the Wayne County Court House. These are incomplete and often have parts missing; (2) Micro-films of many of the books listed above; (3) A complete set of micro-films of tax lists of Wayn County from 1814 to 1838 to be found in the Ohio Historical Society Library in Columbus. These were made about 1950 and furnish and will preserve these for far into the future. We are indebted to the Mormo Church for the micro-filming and preservation of these.

This book lists tax-payers alphabetically by townships; townships are listed as they come alphabetically. All data mentioned above except tax paid is included in this book. Land, chattel are listed in the same entry. An index of surnames with the townships in which the names are found is to be found at the end of the book.

This listing includes areas in Range 15 which were transferred to Ashland County in 1848.

Township maps with land owners names in the sections where land wa owned are found at the end of each township list.
